

Permit Endorsement Application (General)

I hereby request that a Rehabilitation Permit Endorsement be issued to me. I understand that the conditions of the Permit Endorsement will be as follows:-

1. I must have adequate housing facilities and equipment to care for the species that I will be rehabilitating in accordance with the **Code of Practice – Care of Sick, Injured or Orphaned Protected Animals in Queensland** (“Code of Practice”) under the Nature Conservation Act 1992 and the housing standards as outlined in the relevant training material provided by WILDCARE.
2. I must have completed relevant WILDCARE training workshops specific to the species that I wish to rehabilitate within the past 12-18 months of my application.
3. I understand that some species, such as reptiles, macropods, gliders and bats are ‘specialised’ species and require additional rehabilitation needs and may be subject to a more thorough assessment procedure.
4. I must abide by all Rules and Regulations as set out in the WILDCARE Volunteer Manual, Wildcare Safety Management Manual and relevant Wildcare training manuals.
5. I must maintain and submit regular Rescue/Carer Records as set down by WILDCARE, and I confirm that I have no Rescue/Carer records currently outstanding.
6. I understand and acknowledge that the decision on this application by the WILDCARE Management Committee is based on my completed training, experience, knowledge, facilities and the demand for wildlife rehabilitators in the region I reside. (Note: WILDCARE will generally only issue new Permit Endorsements for members that reside in the South-east Queensland council areas of Gold Coast, Logan, Scenic Rim, Brisbane, Redlands and Moreton Bay).
7. Should I require a Permit Endorsement for more than 20 animals, I must make application to WILDCARE and demonstrate a need to have my Permit increased.
8. I agree to the WILDCARE Management Committee discussing my rehabilitation activities and this application with WILDCARE Species Coordinators and other WILDCARE key volunteers, Department of Environment and Heritage Protection (EHP), RSPCA Queensland, Australia Zoo Wildlife Hospital and Currumbin Wildlife Hospital and/or other relevant wildlife organisations which I am or have been a member.
9. I state that I am over 18 years of age. Permit Endorsements cannot be issued to members under 18.

Please provide details of REHABILITATION PERMITS that you hold from other wildlife care organisations or directly from EHP (Do not include Recreational Permits/Licences):					
Permit No		Issued by		Species Permitted	
Permit No		Issued by		Species Permitted	

I am applying for a Rehabilitation Permit Endorsement for the following species and I have completed the necessary training*:		
<input type="checkbox"/> Lizards	<input type="checkbox"/> Freshwater Turtles	<input type="checkbox"/> Bandicoots & Small Mammals
<input type="checkbox"/> Snakes (non-venomous)	<input type="checkbox"/> Possums	<input type="checkbox"/> Macropods
<input type="checkbox"/> Frogs	<input type="checkbox"/> Gliders	<input type="checkbox"/> Birds
<input type="checkbox"/> Rescue & Emergency Care only (may be issued where no species-specific training has been completed)		

*All Permit Endorsements will include the Rescue & Emergency Care of all species listed above, where training has been undertaken

Please provide details of equipment and enclosures you currently have, including approximate sizes of enclosures/aviaries (alternatively, you can submit photographs with your application):
